

When we talk about 'more than one' of anything, we put a 's' onto the end of the word. Listen to me say these 'more than one' words ... then you say them.

cups

cats

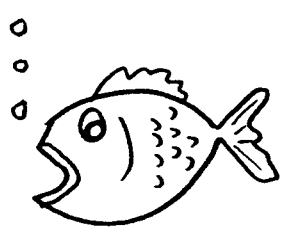

cakes

BUT!!! not all 'more than one' words follow that rule. Some sound very different indeed ... and some just stay the same!

These are the 'more than one words' that stay the same ... so they should be easy to remember.

one fish

one sheep

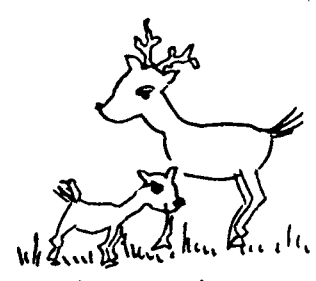

one deer

three fish

five sheep

two deer
